ADOPT AN ACCESS AREA

In response to growing public concern regarding the condition of the Lake Mitchell Public Access Areas and Public Boat Ramps the Lake Mitchell Advisory Committee has established the Adopt an Access Area Program.

The Program is administered by the Lake Mitchell Advisory Committee and is a joint effort between community volunteers and the City of Mitchell.

The purpose of the Adopt-and-Access Area program is to increase the usability of the Lake Mitchell Access Areas and improve the overall beauty and quality of the environment surrounding Lake Mitchell.

The Lake Mitchell Adopt an Access Area provides an avenue for individuals, organizations, or businesses to help maintain the public sections of the Lake Mitchell Shoreline. Groups have the option to participate as volunteers or to hire a maintenance service provider to perform the work on their behalf.

RECOGNITION OF YOUR SUPPORT

A sign with the name of the individual, organization or business will be provided at the location. A \$50.00 registration fee will be charged to help offset the cost of the sign.

YOU CAN HELP

Participation includes many of the following activities:

- Removing litter (work frequency varies with location).
- Planting and establishing trees or wildflowers
- Controlling vegetation growth
- Painting
- Shoreline Stabilization Projects
- Special Improvement Project at the direction of the Director of Parks and Recreation

*All improvement projects must be presented to and approved by the Lake Mitchell Advisory Committee.
