

Request for Funds for Adult Summer Reading Program -2021

Zack North, Adult Services Librarian

Narrative:

Summer Reading Program is an essential summer programming opportunity for our library. This summer, our goal is to make the Adult Summer Reading Program the best it can be in light of the ongoing pandemic. Like last year, participants will have the opportunity to complete the reading program through READSquared or a physical format.

Making registration special is part of the Summer Reading Program experience. We'd like to give a small goodie bag with a journal, bookmark, and a pencil for adult registration. Reading trackers are not available for adults this year. Instead, the journal would act as the adult reading tracker. Participants can use the journal to track their reading minutes or the number of pages read.

When patrons read, they earn points. Participants can earn entries for prize drawings after the program. There will be five awards in total. Awards consist of a canvas bag, apron, water bottle, reading light, and \$15 Gift card to Readers Den.

Request for Funds:

We request funding for supplies, decorations, and prizes from Collaborative Summer Reading Program (CSLP) and Reader's Den.

CSLP Itemized Request:
