Jessica Pickett
MITCHELL VOLUNTEER PROGRAM
300 West First Avenue
Mitchell, SD 57301

Dear Jessica Pickett,

The Board of Directors of the Mitchell United Way did not approve your special funding request.

Thank You for your request. We continue to look forward to working with you in the future.

If you have any question about the special funding, please feel free to contact me.

Thank you.

Sincerely,

MITCHELL UNITED WAY

David P Stevens

Jessica Pickett
ADULT NUTIRON PROGRAM
300 West First Avenue
Mitchell, SD 57301

Dear Jessica Pickett,

The Board of Directors of the Mitchell United Way has approved your special funding in the amount of \$6,500.00 toward increase in cost of meals.

The board encourages you to purchase locally if at all possible.

The reason we have special funding this year is due to a successful campaign last fall. We look forward to continued support from citizens and corporations in our area.

If you have any question about the special funding, please feel free to contact me.

Thank you.

Sincerely,

MITCHELL UNITED WAY

James Valley Community Center
300 West First Avenue
Mitchell, SD 57301

Dear Jessica Pickett,

The Board of Directors of the Mitchell United Way has approved your special funding in the amount of \$5,700.00 toward replacement of funds & equipment.

The board encourages you to purchase locally if at all possible.

The reason we have special funding this year is due to a successful campaign last fall. We look forward to continued support from citizens and corporations in our area.

If you have any question about the special funding, please feel free to contact me.

Thank you.

Sincerely,

MITCHELL UNITED WAY

3. EQUIPMENT FUNDING through United Way

A) Description of Equipment:

1. Overhead Permanently Mounted Projector (3000-6000 lumens) with USB, bluetooth, HDMI and audio inputs plus cabling, mount and labor. **Approx. \$4500**

This is an additional piece of equipment.

Who will this benefit?

This would enable presenters, rentals and regular JVCC programming to project presentations, slide shows, videos etc. Adding this would be an attractive feature to offer in our rental contracts especially for wedding, graduation rentals, etc.

2. Our Smart Board UF55 screen in North Activity Room needs a new DMD Chip in order to fix the white bright spots on screen. DMD chip is approx. **\$150**

(Andrew in IT said that he could install the part)

Smart Board is 5+ years old. This is a replacement part.

Who will this benefit?

This part is necessary to have clarity for presentations for JVCC programming, special presentations and rental usage.

3. Wireless Headset, Transmitter and Mic Module Mixer **Approx. \$1000**

This is an additional piece of equipment.

Who will this benefit?

This would help/enhance the JVCC Bingo Callers (hands free ability to effectively call Bingo), Line Dance instruction, presenters and regular JVCC programming.

4. Apple Lightening to HDMI Adapter - **\$50**

This is an additional piece of equipment.

Who will this benefit?

This adapter enables presenter/JVCC programming to utilize cell phone, capadable devices to project on TV screen (or projector). It is also very useful for presentations for a smaller crowd. An example of this being useful is when we did the Art Night with elementary art students. This adaptor would have allowed us to project the instructor live via the camera and have mirrored screen capability.
