Explanation/Background of Agenda Item Requested:

Jason Gunnare and the Golf & Cemetery Board will be presenting the Golf Course Master Plan developed by Norby Golf Course Design through a public engagement process.

The main purpose was to develop a comprehensive plan to help the board prioritize future project requests. The master plan was developed with input from local golfers while looking at industry trends. It provides improvements for golfers of all skill levels, ages, and abilities. This plan will serve as a guide for future capital requests over the next 10 years.

The Master Plan is a valuable tool with information to guide the Golf & Cemetery Board in meeting the expectations of the golf course community.

No action is needed. This will be a presentation only.
