Agenda Item:

Approval of Proposed Agreement A2022-02 with SPN for the Design and Bidding for the Ohlman and 23rd Lift Station - Project #2022-03

Explanation/Background of Agenda Item Requested:

SPN & Associates completed a Sanitary Sewer System Facility Plan in 2020. In that plan the 23rd and Ohlman lift station was identified as needing to be replaced. The station was installed 48 years ago with salvaged structures from a different site making the actual age unknown. The structures are in poor condition and are in need of replacement. Grease accumulation and odor is also an issue at the lift station.

The proposed agreement will provide design and bidding services for the project. Total projects costs are currently estimated to be approximately \$1,100,000.

Staff recommends City Council approval of the attached agreement from SPN in the amount not to exceed \$49,500 for design and bidding services.
