

## January 2022 Funding Requests

We are submitting one funding request this month. The request for \$1,800 is from Zack North for adult summer programming events.

### Request for Funds for Summer Reading Program Speakers - 2022

**Zack North, Adult Services Librarian**

**Narrative:**

Zac Tenneboe is a mentalist and hypnotist based in Sioux Falls who does corporate and high school events. He is offering us an adult and teen program for a total cost of \$750. His regular rate is \$1000 for one event.

Elissa Dickey is an author based out of Aberdeen, SD. She is releasing her sophomore novel, *Iris in the Dark*, this spring. Elissa is an incredible local author that I want to connect our patrons with.

Chef Rob Scott is a professional chef based in New York who does virtual cooking classes. His live-streamed events are \$200 per session.

Skype with a Scientist is a non-profit organization that matches schools and public libraries with renowned scientists for education programming. They run purely off of donations. They encourage organizations that use their list of scientists to donate a small amount. I would likely give them a standard \$50 honorarium. The budget below has enough room for more than one call with a scientist.

An additional \$700 is budgeted for any additional costs or if I find another performer for the Adult Summer Reading Program, or I may use the extra \$700 to schedule the One Book South Dakota author in Mitchell this year.

**Request for Funds:**

\$1,800.00

**Itemized Request:**

Item	Price	Quantity	Total
Zac Tenneboe - Mentalist	\$750.00	1	\$750.00
