Explanation/Background of Agenda Item Requested:

BID 2 has been in place since 2013 and has been renewed and amended several times since it was initially adopted. However, the provisions relating to it have never been codified and the history of the BID is not easy to reference. This resolution would codify BID 2 as it was adopted and updated.

In addition, this ordinance would make a few additional changes. Most notably, it would increase the tax from \$1.50 per room per night to \$2.00 per room per night. It also adds several new administrative and enforcement provisions relating to filing reports and potential consequences for violations.

As a matter of procedure, state law requires the city to first pass a resolution of intent regarding these changes. Then the City must publish notice twice at least 30 days in advance of a hearing. The city must then hold a hearing regarding the proposal and then pass an ordinance to complete the process.

Based on the various notice and waiting periods applicable to this process, it is anticipated that the new ordinance would take effect at the end of May and the new rate would become effective June 1st.
