Re: Recommendation of Award
Mitchell Regional Landfill Cell #4
Helms #A-7926

Dear Joe:

We would like to take this opportunity to make our "Engineer's Recommendation of Award" for the above referenced project.

The description of work is:

Construction of Cell #4, including unclassified excavation, leachate collection system, clay liner, along with miscellaneous related items.

We have reviewed the bid proposal documents received and are recommending that the Base Bid be awarded to the lowest bidder as their bid was responsible and responsive. The Bid tabulation is also included for the Council's perusal.

A-G-E Corporation, Fort Pierre, SD
Base Bid: \$683,404.75

If the Council is in concurrence, please request a motion for award that should read "Award for Mitchell Regional Landfill Cell #4 is made to A-G-E Corporation, Fort Pierre, SD, in the amount of \$683,404.75 is so awarded and approved by the Council. Additionally, we authorize the executing of necessary contract documents to enter into contract between the City of Mitchell and A-G-E Corporation pending City Attorney review and approval of contract documents."

If you have any questions, comments, or need any further information, please feel free to contact our office at your convenience.

Sincerely,
Helms and Associates
