

Strategy(s) Narrative (20 Points): Describe in detail the proposed strategy(s), how you plan to accomplish the strategy(s), and identify a lead person responsible for each strategy(s). Evidence-based practices are preferred, but innovative, promising practices are also eligible with justification.

Population Served: Please describe which population will be served by these activities and which barriers you plan to impact. Please include an anticipated total number served. *

Need (10 Points): Describe the need for the implementation of the strategy(s) in the selected sector and the health disparities experienced. Include supporting state or local data. *

Partners/Organizations (5 Points): List all partners/organizations that will be involved in the strategy(s). *

Timeline (5 Points): Provide a detailed timeline for the strategy(s) within the funding period. If overall goals are anticipated to take longer than the funding period, provide an additional long-term timeline with broad goals and objectives. *

Evaluation (10 Points): Provide a workable evaluation plan that can describe the strategy(s) and its impact. Include evaluation questions to measure impact. *
