Meeting Date Requested:  Requested By:

Desired Action of City Council:  Authorization  Approval  Resolution  
 Ordinance  Citizen Request  Discussion

Amount Budgeted in current fiscal year for this item (if applicable):

Agenda Item:

Explanation/Background of Agenda Item Requested:

The attached agreement provides a proposal for implementing the Main Street Streetscape at 3rd. The design will include rerouting water main and storm sewer as necessary. An 18-inch VCP sanitary sewer main will be replaced through the intersection as well.

Confluence has played an integral part in planning the City's future Streetscape projects. As such, Confluence is included as a subconsultant of McLaury Engineering to assist with the design of the Main Street Streetscape. PE Group has also been retained by McLaury Engineering to assist with electrical work incorporated into the Streetscape design.

The design will be completed by the winter of 2022/2023 with bidding to follow and construction will commence in 2023.

City Staff recommends approving the proposed agreement with McLaury Engineering for a fee not to exceed \$77,456 on an hourly basis as outlined in the proposal.
