The deadline for agenda items is Wednesday at noon, prior to the City Council Meeting

Meeting Date Requested: Requested By:

Desired Action of City Council: Authorization Approval Resolution
 Ordinance Citizen Request Discussion

Amount Budgeted in current fiscal year for this item (if applicable):

Agenda Item:

Explanation/Background of Agenda Item Requested:

SPN & Associates has prepared an agreement to provide design and bidding services for four separate projects which are the Ohlman Lift Station, North Harmon Sanitary Sewer, West Harmon Water Main Loop and 12th and 13th Street Loop. These projects were identified to be completed through Facility Plans completed by SPN and have been approved through the ARPA SRF Loan process.

Total projects costs are currently estimated to be approximately \$4,882,000.

Staff recommends City Council approval of the attached agreement from SPN in the amount not to exceed \$271,200 for design and bidding services.

Project Backgrounds - These projects have been identified in Facility Plans completed by SPN.

Ohlman Lift Station
The Ohlman lift station is approximately 50 years old and experiencing deterioration.

North Harmon Sanitary Sewer
This project will eliminate the Airport and North Harmon Lift Stations which are 50 years old. The project will serve those areas with new gravity sewer.

West Harmon Water Main Loop
This project will provide a water main loop on the west side of the lake. The project will eliminate the water main that is on the bottom of the lake and increases fire flows on the west and north sides of the lake.

12th and 13th Street Water Main Loop
This project will replace 2,200 feet of asbestos cement pipe (AC). The line has experienced a high frequency of breaks.
