Explanation/Background of Agenda Item Requested:

Currently our code prohibits U-turns in city limits. With recent construction on Burr, there may be several locations where u-turns could be utilized.

This ordinance change would add an exception to the existing ordinance and would allow for a specific area to be signed to allow U-turns. Even where allowed, a U-turn would still need to be performed in a manner that did not interfere with other traffic.

The alternate version would do the opposite and allow U-turns to be conducted everywhere if they don't interfere with other traffic, except where signs are posted prohibiting U-turns.
