Explanation/Background of
Agenda Item Requested:

A subcommittee met with Confluence to review design options for Phase II of the Plaza; which will incorporate the permanent stage and shade structure. In addition to those two major features Phase II includes the addition of the east entrance, moving the flag poles from the top of the corn palace to the east entrance, misting feature, and components for the permanent stage. The project is funded out of Entertainment Tax revenue, which is limited in the type of projects that can be completed with those funds. The project is estimated to start construction in the fall of 2019 and will continue until the Spring of 2020. The goal is to have the project completed in May so it can be utilized for the spring/summer events. The City is working with interested individuals or groups who may contribute towards various parts of the project.
