Explanation/Background of Agenda Item Requested:

Jeremy Gunkel is requesting closure of the parking spaces in front of the 2nd and Lawler establishment on E 2nd Ave , east of the southside storm inlet and west of the curb-side loading area. See the attached photo and sketch for details on the request. This closure request is for the public parking space(s) in front of 201 E 2nd Ave, to be utilized as establishment/business patron seating from July 2020, through October 15, 2020.

Additionally, the closure will not impede stormwater drainage and will not impeded pedestrian (ADA) access in the public right-of-way. The permit will allow designated construction materials to be used, to include wood forms and planking for deck material, metal transition for ADA compliance (Concrete Sidewalk to Wood Deck), and aesthetically pleasing metal fencing with reflective marking on each metal fence post at exposed sides to the roadway. See the sample photos included.

A copy of the request letter, sketch, and sample photos have been provided for City Council review. A map of the location is also included, City Staff recommends approval of the temporary closure.
