Agenda Item Request

The deadline for agenda items is Wednesday at noon, prior to the City Council Meeting

Meeting Date Requested: Requested By:

Desired Action of City Council: Authorization Approval Resolution
 Ordinance Citizen Request Discussion

Amount Budgeted in current fiscal year for this item (if applicable):

Agenda Item:

Explanation/Background of Agenda Item Requested:

This is a request to approve the agreement with Shive Hattery for the jetty design for the Lake Mitchell boat dock and marina area.

In response to the request from council for boat docks at Lake Mitchell, we had NDSU help us develop a public use plan for Lake Mitchell. This plan is still in progress but we have completed the marina overview as presented. As part of the plan we are presenting the location of a boat dock and marina area for Lake Mitchell. Based on the survey, respondents expressed their need for boat docks (26% of users need docks); respondents also determined the best location to be the West End Boat Launch; city staff and NDSU determined this location is the best use of existing infrastructure and the least impact on park land and neighboring residents.

The cost breakdown can be found under "compensation" (page 4) of the proposal.

The request is for the jetty design with a dredge spoil site location in mind. The agreement amount is \$35,000 (agreement #A2020-30). Shive Hattery has worked on a number of dredging projects in addition to their lake project design work. Their combination of experience is a great fit for our project.
