Dear Mitchell Volunteers,

I write to thank you for your generous donation of the enormous pile of face masks dropped off at the Mitchell Middle School earlier today. When I carried them in, office staff, teachers and principals all expressed their gratitude for your donation. The quality and appeal of the masks were both excellent as well. Thanks for taking this effort so seriously.

Over the next several weeks, you will be giving hundreds of Mitchell School District children a better day as they realize they forgot or lost the mask they were to wear to school that day. For that, I cannot thank you enough.

Sincerely,

Joseph Graves
Superintendent of Schools
