There was discussion in regards to the phases of construction with the 1<sup>st</sup> phase starting at Edmunds, which should not require two-way streets on the one-way streets at that time; however, once the construction moves to the bridge one-way streets should be changed to two-way streets. There was also discussion in regards to Sanborn Street deteriorating with potholes from the winter weather and flooding. It was decided that Chief Overweg should monitor the condition of Sanborn Street and make the call as to when to switch to two-way traffic based on Sanborn Streets condition.
